## Calflora's Weed Manager enables organizations engaged in land management to track plant occurrences over time, including weed infestations and treatments.

A Weed Manager (WM) 2026 subscription **costs \$4,900 annually per group for up to ten users**. New subscribers receive training along with the subscription. A Weed Manager (WM) subscription includes support and one customized data collection form. The year begins the day the agency subscribes and will automatically renew on that day in the following year unless the subscriber cancels. Rates are subject to change.

Support includes contacting Calflora with questions about Weed Manager. These may be related but are not limited to questions about [Group Observations](#) exports or search filters, [shape editor](#), setting up [projects within a group](#), [organization options](#), [group members](#), [work session entry](#), [survey entry](#), [Hour and Herbicide Distributor](#), and [reports](#).

Users	Base Rate	Additional	Total
1 – 10	\$4,900	\$0	\$4,900
11 – 20	\$4,900	\$800	\$5,700
21 – 40	\$4,900	\$1,300	\$6,200
41 – 70	\$4,900	\$2,100	\$7,000
71 – 90	\$4,900	\$4,000	\$8,900
91 – 110	\$4,900	\$8,200	\$13,100
111 – 130	\$4,900	\$11,900	\$16,800
131 – 150	\$4,900	\$13,900	\$18,800
> 150	\$4,900	<i>contact us</i>	

**Training** – Calflora's Weed Manager subscription comes with one initial set-up training. Additional trainings after “free” set-up training cost \$3,400 (in person) / \$2,900 (online). These are standardized 5-hour trainings.

### **Form changes** - \$205/hour

First time WM subscribers receive a customized form included in the annual subscription fee, and form changes after the first year are billed on an hourly basis.

### **Customized Reports** - \$205/hour

Calflora offers help on Reports billed at our hourly rate.

### **Legacy Data Upload** - \$205/hour

Calflora will upload your legacy (historical, previous) data so you can see it in Calflora and add to it as you use Weed Manager. If you already have a system in place for tracking history stacks, Calflora can maintain those stacks in the upload. An engagement fee of \$300 will be levied to examine the data to assess the cost of the legacy upload.
